# WHY NHSLA? | ACADEMICS

The combination of a rigorous academic program and an enriching religious studies program provides the necessary foundations for raising successful and conscientious American Muslim citizens.

Students receive more individualized attention as a result of small class sizes and Academic Intervention Program.

Fully Accredited by

# WHY NHSLA? | SCHOOL EVENTS

In order to support its rigorous academic curriculum, NHSLA features a wide variety of activities and school-wide events to deepen student understanding. We believe students learn best by "doing" and utilize engaging hands-on activities across subjects. Students partake in various presentations, group projects, and events in order to develop important skills such as collaboration, communication, leadership, research, and digital literacy.

# WHY NHSLA? | ISLAMIC STUDIES & ARABIC

The Islamic Studies curriculum focuses on building the foundation for a strong American Muslim identity by:

- Instilling a love for God and God's Prophets
- Teaching values and manners
- Supporting in learning duas and Qur'an in order to independently recite verses

The daily Arabic immersion lessons include interactive and guided-instruction for students to acquire vocabulary and comprehension skills.

# WHY NHSLA? | AMERICAN MUSLIM IDENTITY

It is important to us that our students are proud of their American Muslim identity and view themselves as valuable citizens in this country. Across subjects, students learn about the contributions of Muslims throughout the world and history. We have had prominent American Muslim role models – including law makers, athletes, and film directors – speak with our students and serve as inspiration for what they can achieve.

# WHY NHSLA? | SOCIAL-EMOTIONAL LEARNING

NHSLA is committed to fostering a safe, healthy, and affirming learning environment. We achieve this through the implementation of a consistent school-wide positive behavior support plan with a focus on Social and Emotional Learning (SEL) and character development.

We build our community on trust, care for each other, pride in our accomplishments, personal responsibility, and accountability. Students are expected to reach the highest levels of personal behavior and responsibility to the school community.

# WHY NHSLA? | ENGAGING FIELD TRIPS

At NHSLA, learning experiences go beyond the classroom. Whether it is the Natural History Museum, an interactive animal show or visiting our friends at the Chumash village, our students get the opportunity to learn about the world up close while having a great time!

# WHY NHSLA? | PARENT TESTIMONIALS

Both our kids started at NHSLA at the age of three. The oldest is a 5th grader and the youngest is a 2nd grader. Throughout the years, our kids have felt welcomed by their teachers, staff and peers. Both of my kids come home from school with a smile on their face and eager to attend the next day.

The teachers are excellent. They are dedicated to their students academically and spiritually. They have gone above and beyond in all aspects. We are a very happy parents of NHSLA!

*- 2nd & 5th Grade Parent*

My family had recently moved from Indonesia to Los Angeles. We chose NHSLA for my three children to aim for a balanced education. After just one year, we are happy that NHSLA has created such good progress for my children.

*- 1st, 3rd, and 5th Grade Parent*

I value the school's approach to cultivating an Islamic environment. From this school, my children learned to pray and read the Qur'an. They learned stories about the prophets and other fundamental teachings. With events such as Hajj Simulation and the Qur'an Competition, they found joy in learning and Islam. The Islamic values they acquired from this school carry with them today. For this, I am very grateful.
